Friday 24<sup>th</sup> November 2023

Dear Parents and Carers,

Next week, all year groups from UF to Year 6 will be taking part in our St. Joseph's Enterprise Challenge Week. The Enterprise week will help the children to develop their Design Technology knowledge and skills through planning, designing and evaluating a product to sell at the fair. Each year group will be given a budget of £20 to design and make a product to sell at our Enterprise Fair and the aim is to make as much profit as they can. Their will be a reward for the winning class who makes the most profit.

All classes will be working hard next week designing company logos and posters, carrying out market research, costing, advertising, designing and making to have some wonderful products to sell at our fair. All monies will be going towards purchasing curriculum resources. All products will be made by the children (with some adult support if needed).

As mentioned in recent newsletters, we would like to invite you to our Enterprise Fair, where you will have the opportunity to purchase the products and help raise money for curriculum resources.

**The fair will take place on Friday 1<sup>st</sup> December in St. Joseph's School Hall from 1:30pm – 2.50pm.** A small group of children from each year group will be there selling the products throughout the fair. Parents/Carers will be given an allocated time slot to visit the fair alongside their children with their year group. Please see times below.

1.30 – 1.50 Upper Foundation  
1.50 – 2.10 KS1 (Year 1 and Year 2)  
2.10 – 2.30 LKS2 (Year 3 and Year 4)  
2.30 – 2.50 – UKS2 (Year 5 and Year 6)

Children are invited to bring into school a small amount of money in a labelled envelope for them to spend at the fair if you would like them to. Products will be approximately priced between 50p and £1. Please can we ask for exact money if possible as the children may not have lots of change.

The children are really looking forward to designing and making their products next week to further their Design Technology Knowledge and skills. Whilst continuing to strengthen children's financial understanding, all year groups are hoping they can make the most profit at the fair and there will be a prize for the winning year group who makes the most profit. Please come along and support the event to help the children to raise as much money as they can.

We look forward to seeing you there.

Mrs Grace
